INTERNATIONAL STUDENTS REGISTRATION FORM

As a result of the holidays in the schedule and the intensive summer sessions offered, the length of the academic year will vary. This provides our students with more flexibility to begin classes at different times and also changes the costs associated with home-stays. With the exception of the summer, each term consists of nine academic weeks where students typically take two credits at a time. In the summer, students may take one credit per month or two over July and August.

Students in Grades 9 through 11 normally register for eight credits while Grade 12 students will normally require six credits to complete Ontario Diploma requirements and gain admittance to a post-secondary program. On a student by student basis these requirements may change.
